

CHAHTA CONSTRUCTION, INC.

COMPANY HISTORY:

Chahta Construction, Incorporated (CCI) has been in business since 2009 and operates primarily in the Southeastern United States. It is an SBA 8(a) and HUBZone certified Small Business Construction firm, tribally owned by the Mississippi Band of Choctaw Indians (MBCI). Working in conjunction with sister companies under the Chahta Holding Group, CCI has employee experience performing work for Federal, State, and local Governments. We have an **SBA Mentor Protégé approved JV**, with Watts Constructors, with single project execution and bonding of over \$100,000,000. We possess capabilities in various disciplines, including project management, design/build, development of new construction, site preparation, and demolition of existing facilities and structures. CCI has developed a reputation for completing projects on time and within budget constraints.

Why Select Chahta Construction, Inc.?

- SBA 8(a) Certified
- SBA HUBZone Certified
- Strong Financials
- Strong Bonding
- Strong Ethics
- Construction Experience
- Experienced Management Staff
- Combined capabilities with sister companies under Chahta Holding Group.

CCI's FOCUS:

CCI's objective is to provide responsive and quality design and construction services tailored to satisfy the Owner's project requirements.

CCI has served private and federal contracting agencies, with the primary federal focus on DOD and USACE. Our strict focus on the federal market allows the staff to develop a "federal contracting mentality" for product quality, Accounting system control, safety, administrative area, and documentation.
